Beach adventure

In Playa del Carmen, there's a hidden gem far from the city

The approximate distance is 1.5 to 2 kilometers walking along the beach. This walk takes about 20 to 30 minutes on foot.

This experience is only for adventurers, as the walk to the location is quite long. We meet at the ferry station in Playa so we can walk there together.

Another option in the Cancún area is an amazing, untouched beach located north of the city.

The only way to get there is by renting a car, but it's well worth the trip to discover this hidden gem.

This beach features both the sea and a lagoon, and it stretches out for miles.

Cenote experience

The cenote is located in the Xpu-Ha area. It is rented for a 2-hour time slot and available between 8 and 10 AM, offering complete privacy and comfort. After the photo session, you'll have 30 minutes to enjoy and swim in the cenote all to yourselves.

It's highly recommended to book well in advance to secure your preferred date. I also suggest renting a car to have the freedom and flexibility to arrive and leave at your own pace.
